Welcome to ARKANGEL UNIVERSITY - School of Medicine, where excellence in medical education and research meets compassionate patient care. Our institution is dedicated to nurturing the next generation of healthcare professionals who will lead with knowledge, skill, and empathy.

Greetings from the President

Dear Aspiring Students,

Thank you for considering ARKANGEL UNIVERSITY as the next step in your academic and professional journey. Choosing to pursue medicine is a profound decision, one that speaks to your commitment to excellence and your desire to make a difference in the world.

At ARKANGEL UNIVERSITY, we are dedicated to providing an environment where aspiring healthcare professionals like you can thrive. Our institution is known for its rigorous academic standards, innovative research, and a supportive community that fosters personal and professional growth.

By joining us, you will gain access to cutting-edge facilities, guidance from accomplished faculty, and a network of peers who share your passion for making an impact in the field of healthcare.

We look forward to welcoming you to our vibrant campus and partnering with you on this transformative journey toward becoming a skilled and compassionate medical professional.

With best wishes for your future,

HRH Prince Abdul Aziz Al Saud
President
ARKANGEL UNIVERSITY

Forward from the Chairman

Welcome to ARKANGEL UNIVERSITY!

I am delighted to extend my warmest greetings on behalf of our medical experts and faculties from our esteemed institution. Your interest to pursue your education here marks the beginning of an exciting and rewarding journey in the world of medicine and healthcare.

At ARKANGEL UNIVERSITY, we pride ourselves on fostering an environment of excellence, innovation, and compassion. Our dedicated faculty, state-of-the-art facilities, and a supportive community are here to ensure you receive the best education and training possible.

As you embark on this new chapter, know that you are becoming part of a vibrant community committed to advancing medical knowledge and improving patient care. We look forward to having you with us and supporting you every step of the way.

Welcome to our family. Together, we will achieve great things.

Warm regards,

Dr. M Y Khan
Chairman
ARKANGEL UNIVERSITY

Dr. M Y Khan
MBBS, PLAB, MRCP
GMC Registered.

Forward from the Vice Chairman

With over 20 years of experience in the UK education sector, my passion for skills development and career advancement has driven me to create impactful opportunities for professionals and future leaders.

As the founder of The Prime College and Workforce Training and Development, two UK government-funded training academies, I have dedicated myself to empowering managers and CEOs with top-tier leadership and management training. My vision is to equip leaders with the knowledge, skills, and confidence to thrive in an ever-evolving business landscape.

Beyond education, my commitment extends to the healthcare sector. I established a clinic in the UK to contribute to the industry and am now expanding this vision globally by founding a world-class medical university. This institution will provide cutting-edge facilities, worldwide recognition, and collaborations with renowned medical hospitals to offer our students hands-on clinical rotations. Our goal is simple: to shape the next generation of highly skilled doctors who will make a lasting impact on global healthcare.

I believe in creating opportunities, driving change, and inspiring excellence—because when we invest in education and healthcare, we transform lives and shape a better future for all.

Warm regards,

Ikhtiar Rahman
Vice Chairman
ARKANGEL UNIVERSITY

Mr. Ikhtiar

Life in Antigua

Life in Antigua, one of the two major islands that make up the Caribbean nation of Antigua and Barbuda, is characterized by a laid-back, relaxed atmosphere, vibrant culture, and stunning natural beauty. The island's warm tropical climate, with its sunny weather and gentle trade winds, creates an inviting environment for both locals and visitors.

The pace of life in Antigua is generally slower and more relaxed than in many other parts of the world, fostering a strong sense of community among its residents. The population is known for its friendliness and hospitality, which is evident in daily interactions and the island's numerous festivals and cultural events.

The island's economy is heavily reliant on tourism, with pristine beaches, clear turquoise waters, and luxury resorts attracting visitors from around the globe. Activities such as sailing, snorkelling, and exploring historical sites like Nelson's Dockyard and the island's many forts offer both residents and tourists plenty of recreational options.

Agriculture also plays a role in daily life, with local markets offering fresh produce and traditional dishes like saltfish and fungi. While healthcare and education facilities are adequate, ongoing development efforts aim to improve living standards.

Overall, life in Antigua offers a blend of natural beauty, cultural richness, and a strong sense of community, making it a unique and appealing place to live.

About Us

Vision

At ARKANGEL University, we believe that the foundation of great medical practice is a combination of rigorous education, cutting-edge research, and compassionate patient care. Our vision is to become a leader in medical education in the Caribbean and beyond by offering world-class programs that prepare students to excel in the US, Canada, the UK, and other international medical landscapes.

History & Accreditation

History: Founded in Year 2024, ARKANGEL UNIVERSITY has a rich tradition of academic excellence and innovation in medical education.

Accreditation: Arkangel University is accredited by internationally recognized medical bodies, enabling graduates to practice in the US, Canada, UK, and other countries.

Antigua & Barbuda National Accreditation Board (ABNAB)

CAAM-HP (Caribbean Accreditation Authority for Education in Medicine and other Health Professions). **APPLIED**

Our Programs

A photograph of three medical students in a modern, brightly lit setting. On the left, a man with dark curly hair and a beard, wearing a white lab coat over a brown shirt, holds a book and smiles. In the center, a woman with long brown hair in a ponytail, wearing light blue scrubs over a striped shirt, has a stethoscope around her neck and carries a backpack. On the right, a man with short dark hair and a beard, wearing light blue scrubs over a dark shirt, also has a stethoscope and holds a spiral notebook. They are all smiling and looking towards the right.

Campus Facilities

State-of-the-art Laboratories: Equipped with the latest technology for hands-on learning.

Libraries: Extensive medical library with digital access to journals and databases.

Teaching Hospitals: Affiliated hospitals providing real-world clinical experience.

Student Accommodation: On-campus housing with modern amenities.

Recreation and Wellness: Gym, sports facilities, and wellness programs.

Faculty

Our faculty comprises experienced educators, researchers, and practitioners committed to mentoring and guiding students. ARKANGEL UNIVERSITY boasts a low student-to-faculty ratio, ensuring personalized attention and support.

Research Opportunities

- **Research Centers:** Dedicated centers for advanced medical research
- **Funding and Grants:** Opportunities for student research funding and grants
- **Collaborations:** Partnerships with leading medical institutions globally

Student Life

- **Clubs and Organizations:** Diverse student-run clubs focusing on various interests and specialties
- **Community Engagement:** Volunteering opportunities and health outreach programs
- **Cultural Events:** Regular cultural and social events to enrich student life.

Support from Antiguan Government

Arkangel University has received substantial support from the Antiguan Government, underscoring its commitment to enhancing education and healthcare in the nation. This collaboration was highlighted during the university's inauguration, where trustees met with **Prime Minister Gaston Browne** and **Minister of Education Daryll Sylvester Matthew**. The government's assistance has been pivotal in areas such as accreditation, infrastructure development, and streamlining visa processes for international students. This partnership positions Antigua & Barbuda as a premier destination for medical education in the Caribbean.

News Article from the Antiguan Media

New Medical School Opens in Antigua

Antigua souvenirs

August 10, 2024

Arkangel University Opens in **Antigua**, Offering New Opportunities for Medical Students [Antigua souvenirs](#)

Arkangel University, a newly established medical school, has officially opened its doors in

Dr. M Y Khan, chairman of Arkangel University, welcomed the inaugural class, emphasizing the institution's commitment to high standards in medical education. "Your interest in pursuing your education here marks the beginning of an exciting and rewarding journey in the world of medicine and healthcare," Khan said.

Students at Arkangel University are also encouraged to immerse themselves in the local culture.

The university promotes cultural engagement as a key component of medical education, helping students develop empathy and cultural competence—skills essential in the medical field.

The university aims to foster an environment of excellence, innovation, and compassion.

With modern facilities and a dedicated faculty, Arkangel University offers students the tools and support needed to succeed in their medical careers.

The campus is designed to balance intensive study with opportunities for relaxation, thanks to Antigua's serene beaches and natural beauty.

Development Meeting Plan at The Prime Minister's Office, Antigua.

Board of Faculties

DEAN
Dr. Sudhir S. Kushwaha

Dr. Kushwaha is Director of the Cardiac Transplantation and VAD Program at Mayo Clinic in Rochester, Minnesota. His research interests are focused on physiology and disease of the transplanted heart.

ASSOCIATE DEAN

Dr. M Y Khan

Dr Mohamed Khan is a highly experienced general practitioner and medical director at ARKangel Hospital in London. With a medical degree from India (2003) and extensive training in the UK, he specializes in primary care, chronic disease management, and patient referrals. A member of the Royal College of General Practitioners since 2011, he has worked in various UK hospitals, including University Hospital Birmingham. Dr. Khan is also involved in medical education and community healthcare initiatives, including immunization programs and medical camps.

ASSOCIATE DEAN OF BASIC SCIENCES

Dr. Mitesh Parmar

MBBS, MRCGP, Level 5 Certificate in Leadership and Management in Health and Social Care. He qualified from the University of the West Indies in 2004 and has nearly 20 years of experience as a medical doctor. He is experienced in aesthetic treatments. He has a keen interest in paediatrics and in women's health.

ASSOCIATE DEAN OF CLINICAL SCIENCES / SURGERY

Dr. Alpa J. Morawala

MBBS MRCSEd, MFSTEd, MSc, PGCert (Clinical Education) PGDip. Qualified from Veer Narmad South Gujarat University, India. She has a keen interest in academic surgery. She has completed her master's degree in laparoscopic surgical sciences from Queen Mary University of London with distinction.

RESPIRATORY, ENDOCRINE, AND PAEDIATRICS

Dr. Mohsin Ehsan

A member of the Royal College of General Practitioners and working for the NHS since 2008. Dr Ehsan is based in London and started his career in Paediatrics and Neonates before pursuing a career in General Practice. Outside of work, Dr Ehsan does his best to “practice” what he “preaches” by keeping fit through his love of long distance running and playing sports; including cricket, golf and boxing. The rest of his time is spent watching movies or spending time with family and friends.

Professor Justin Robinson

Professor Justin Robinson, a native of St. Vincent and the Grenadines, is a distinguished Professor of Corporate Finance with a PhD from the University of Manchester, UK. A UWI alumnus, he holds a BSc in Management Studies (First Class Honours) and an MSc in Finance and Econometrics. With over 50 publications in regional and international journals, he has held key roles at UWI, including Dean, Pro Vice-Chancellor, and Executive Director of the Sagikor Cave Hill School of Business. He was also part of the team that helped establish the Five Islands Campus in 2018.
